### PUBLIC COMMENT:

Members of the public commented on sale of water, where is the report from study on water sales, water rights or land, providing irrigation water to customers, incomplete minutes, benefits of the sale of water, potential negotiations of water sales, the reason the water cannot be delivered, how can the community be denied water, alternant candidates not considered at last meeting, public comment by previous director who lives in Florida, when can questions be asked and answered, reserves being used for attorney fees, was a permit obtained for the sale of water, how is water sold when customers are not being served.

D. APPOINTMENT OF NEGOTIATORS FOR POTENTIAL WATER SALE (Government Code Section 54945.8)

Negotiators: Jeff Maupin, Dan Flory (Provost & Pritchard) and General Counsel Michael Vergara.

General Manager Maupin reported on item D and the appointment of negotiators.

Director Hughes made a motion to appoint Jeff Maupin, Dan Flory (Provost & Pritchard) and General Counsel Michael Vergara as negotiators for potential water sale. Vice President Neilson seconded the motion.

Director Forguson asked for clarification on the cost of water if sold, vs the cost if delivered to Irrigation. General Manager Maupin explained that lost power revenues are paid for waters used within the district beyond the 3700af tier one and are billed against tier three water. Water for the water sale would go through the power generators operated by South Feather in its normal course of travel so power generations would be collected and there would be no cost to the district. President Hawthorne asked for clarification that the water would not be traveling near Dobbins or Oregon House, it would be delivered out of the river. Director Forguson questioned if it came from Lake Oroville. General Manager Maupin explained that the water comes from the dams that South Feather controls. Director Brueggeman asked if this was just for appointment of a negotiator for discussion only. District Counsel Michael Vergara confirmed it was for discussion only. Director Brueggeman asked if the potential sale or thought of selling water is all taken out before it enters the calculating system. General Manager Maupin explained tier one, tier two and tier three. This water would be from tier three and would not pass-through district facilities. Vice President Neilson would like to know more about the amount of tier three water that is proposed to be sold. He is not interested in selling all of tier three. General Manager Maupin stated that was information that the board would weigh in on, once we enter negotiations.

The motion passed with a unanimous vote.

# A RESOLUTION OF THE BOARD OF DIRECTORS OF NORTH YUBA WATER DISTRICT AUTHORIZING REMOTE TELECONFERENCE MEETINGS IN ACCORDANCE WITH GOVERNMENT CODE SECTION 54953(e)

WHEREAS, North Yuba Water District (District) recognizes the importance of transparency and clear communication in government, and is committed to full compliance with the letter and spirit of the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963) (hereinafter "Brown Act"); and

WHEREAS, all meetings of the District's Board of Directors are open and public, as required by the Brown Act, so that any member of the public may attend and participate; and

WHEREAS, the Brown Act (Gov. Code, § 54953, subd.
