NORTH YUBA WATER DISTRICT
Management Discussion and Analysis
June 30, 2021 and 2020

Our discussion and analysis of the North Yuba Water District's financial performance provides an overview of the District's financial activities for the years ended June 30, 2021 and 2020. Please, read it in conjunction with the District's basic financial statements, which begin on page 7.

Basic Financial Statements

The District's basic financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses, Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements

The balance sheet includes all of the District's assets and liabilities, with the difference between the two reported as net position.

The balance sheet provides the basis for evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The statement of revenues, expenses and changes in net position presents information which shows how the District's net position changed during each year. All of the year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses, and changes in net position measures the success of the District's operations during the year and determine whether the District has recovered its costs through user fees and other charges.

The statement of cash flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operating
- Noncapital Financing
- Capital Financing and Related Financing
- Investing

The statement of cash flows differentiates from the statement of revenues, expenses and changes in net position by accounting for transactions that result in cash receipts and cash disbursements. The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

NORTH YUBA WATER DISTRICT
Management Discussion and Analysis
June 30, 2021 and 2020

Financial Highlights

FY2021 - During the year ended June 30, 2021, the District's net position decreased by \$393,728 or 3.74%. The District's operating revenues decreased by \$34,885 or 2.28%, and operating expenses increased by \$419,424 or 21.59%. Non-operating revenues were \$475,046.

FY2020 - During the year ended June 30, 2020, the District's net position increased by \$79,617 or 0.76%. The District's operating revenues decreased by \$1,381,980 or 47.49%, and operating expenses increased by \$125,241 or 6.89%. Non-operating revenues were \$494,082.

Financial Analysis of the District

FY2021 - the District's net position decreased by \$393,728 from \$10,513,604 to \$10,119,876. Net position invested in capital assets, less accumulated depreciation, increased by \$111,404.

FY2020 - the District's net position increased by \$79,617 from \$10,433,987 to \$10,513,604. Net position invested in capital assets, less accumulated depreciation, decreased by \$28,340.

Capital Assets

June 30, 2021 - The District invested in capital assets; net of accumulated depreciation was \$5,521,776. The District purchased \$345,488 of capital assets during fiscal year end June 30, 2021. The depreciation expense was \$234,086. Capital assets, net of accumulated depreciation was increased by \$111,404 due to capital purchase exceeding depreciation expense.

June 30, 2020 - The District invested in capital assets; net of accumulated depreciation was \$5,410,372. The District purchased \$211,605 of capital assets during fiscal year end June 30, 2020. The depreciation expense was \$239,943. Capital assets, net of accumulated depreciation was decreased by \$28,340 due to depreciation exceeding capital purchase.

Capital Debt

As of and for the fiscal years ended June 30, 2021, and 2020, the District did not have any capital debts.

NORTH YUBA WATER DISTRICT
Management Discussion and Analysis
June 30, 2021 and 2020

Economic Factors

FY2021 - The District incurred operating loss of \$868,774 and a total loss of \$393,728 during fiscal year 2021. Operating income for fiscal year 2021 decreased primarily from the irrigation revenues. The operating loss of \$868,774 was reduced by the non-operating income of \$475,046. The total net loss for the fiscal year ended June 30, 2021 was \$393,728.

FY2020 - The District incurred a \$414,465 operating loss during fiscal year 2020. Operating income for fiscal year 2020 decreased primarily from power revenues. Power revenue varies significantly from year-to-year dependent upon hydrological and other factors. The District had a positive change of \$79,617 in net position for fiscal year 2020 is due to non-operating income of \$494,082.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
North Yuba Water District
Brownsville, CA

Report on the Financial Statements

We have audited the accompanying financial statements of North Yuba Water District as of and for the years ended June 30, 2021 and 2020 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *State Controller's Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the North Yuba Water District, as of June 30, 2021 and 2020 and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 to 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

1. Organization:

The North Yuba Water District (the "District") was formed on July 22, 1952 under California law for the purpose of providing domestic (treated) and irrigation (untreated) water service within the District boundaries. The earlier years of the District's existence were spent resolving water rights disputes against the Oroville-Wyandotte Irrigation District. A lengthy series of hearings resulted in State Decisions D-838 and D-907 and culminated with the March 8, 1958 and December 9, 1959 Agreements with OWID. The 1959 agreement was amended in 1965 and then superseded in 2005 by the NYWD/SFWPA agreement discussed in item 9 below.

There are five improvement Districts within the North Yuba Water District. Improvement District #1 was formed on March 25, 1964 for the irrigation service area. Improvement District #2 was formed on September 10, 1966 for the domestic service area. Improvement District #3 was formed on April 30, 1968 for the Forbestown water distribution system. Improvement District #5 was formed on July 19, 1974 for the New York House Road water distribution system. Improvement District #6 was formed on February 3, 1979 for the Rackerby water distribution system. At this time, the District serves domestic water to approximately 770 active services in or near the communities of Brownsville, Challenge, Forbestown, and Rackerby, and serves irrigation water to 110 active services in the Dobbins-Oregon House area.

The North Yuba Water District is governed by a five-member Board of Directors, elected by division, who set District policy. Subject to the Board's direction, the overall operation and administration of the District is conducted under the authority of the General Manager/Secretary.

2. Summary of Significant Accounting Policies:

The accounting policies of North Yuba Water District conform to generally accepted accounting principles applicable to enterprise funds. The District applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Fund Accounting

The District is an enterprise fund. All operations are accounted as an enterprise fund.

Enterprise Fund - The enterprise fund is used to account for water operations that are financed and operated in a manner similar to private business enterprises. The intent of the District is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies (continued):

Basis of Accounting

The basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The District's books and accounts are based upon the Uniform System of Accounts for Public Utilities as prescribed by the Division of Local Government Fiscal Affairs of the State of California. The records are maintained, and the accompanying financial statements are presented on the accrual basis of accounting.

Operating revenues and expenses, such as water sales along with water purchases, result from exchange transactions associated with the principal activity of the District. Exchange transactions are those in which each party receives and gives up essentially equal values. Management, administration, and depreciation expenses are also considered operating expenses. Other revenues and expenses not included in the above categories are reported as non-operating revenues and expenses. Non-operating revenues and expenses, such as grant funding, investment income, and interest expense, result from non-exchange transactions, in which, the District gives (receives) value without directly receiving (giving) value in exchange.

Inventories

Inventories have been valued at the lower of cost (first in, first out) or market.

Depreciation

Utility, plant, and equipment are recorded on the basis of purchase cost. Assets acquired by contributions are recorded at estimated cost or fair market value at the date of acquisition.

Depreciation is calculated by the straight-line method over the estimated useful lives of 3 to 50 years.

Interest Capitalization

Interest costs are charged to construction projects during the period of construction.

Statement of Cash Flows

All highly liquid investments with a maturity of three months or less when purchased, are considered to be cash equivalents.

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

2. Summary of Significant Accounting Policies (continued):

Compensated Absences

Vested or accumulated vacation leave, comp. time, and sick pay that is expected to be liquidated with expendable available financial resources is reported as a current liability.

Budget and Budgetary Accounting

The Board of Directors annually adopts an operating budget. The operating budget is prepared on the accrual basis to match the operating statements.

Tax Revenue

Property tax revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Cash

The District holds its cash in the County of Yuba Treasury. The County maintains a cash and investment pool and allocates interest to the various funds based upon the average monthly cash balances. The funds held by the County can be withdrawn on demand. Information regarding categorization of investments can be found in the County of Yuba statements. The District also maintains an interest-bearing account with a local bank.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

3. Cash:

At year-end June 30, 2021 the carrying amount of the District's deposits was \$820,421. All of the bank balances were covered by Federal Depository Insurance and collateral held in the pledging bank's trust department. At year-end June 30, 2020 the carrying amount was \$742,593.

At year-end June 30, 2021 cash with a carrying amount of \$3,875,022 was held by Yuba County in the District's name. At year-end June 30, 2020 the amount was \$4,417,347.

	<u>2021</u>	<u>2020</u>
Compensated Absences	<u>\$ 40,254</u>	<u>\$ 39,905</u>
Total Compensated Absences	<u>\$ 40,254</u>	<u>\$ 39,905</u>

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

9. Retirement Plan:

On July 1, 1995 the District entered into a pension plan with Laborers' International Union of North America, National Pension Fund. The District pays \$1.60 for every regular hour worked (173.5 average per month) for all full-time permanent employees into the fund.

The District has a deferred compensation plan which is in compliance with Internal Revenue Code Section 457. The District contributes the difference of 10% (which includes applicable payroll taxes) of the employee's base wages minus the amount paid into the pension plan for each employee. Contributions are made on a voluntary basis by the plan participants. No employee may contribute over 25% of yearly base salary or \$7,500 per year, whichever is the lesser amount (this includes the amount that the District contributes). The maximum amount is increased to \$15,000 for the last three years before the participant attains normal retirement age.

10. South Feather Power Project (SFPP):

On May 27, 2005 the District (NYWD) entered into a new agreement with South Feather Water and Power Agency (SFWPA), which superseded the 1959 agreement with OWID that is discussed in item 1 above. The 2005 agreement was amended in 2010 and 2013.

Details of the 2005 agreement, as amended include the following:

- A. NYWD may continue to receive 3,700 af/yr. from the SFPP at SF-14 at no cost.
- B. After June 30, 2010, NYWD also may receive up to 4,500 acre-feet per year of water at SF-14. NYWD will pay the SFPP Joint Facilities Operating Account for the value of any lost generation at the Woodleaf and Forbestown Powerhouses associated with this water.
- C. After June 30, 2010, NYWD also may receive up to 15,500 af/yr. of additional water at SF- 14. NYWD will pay the SFPP Joint Facilities Operating Account for the value of any lost generation at the Woodleaf, Forbestown and Kelly Ridge Powerhouses associated with such water.
- D. If curtailments in deliveries of water from the SFPP to SFWPA and NYWD for consumptive uses ever are necessary, then such curtailments will be made to SFWPA and NYWD in equal percentages of the demands of SFWPA and NYWD for water for consumptive uses.

Disposition of net SFPP power revenues after 2010

- A. SFPP net power revenues will be divided and paid on or before April 15 of each year, one half to SFWPA's general account and the other half to NYWD's general account.

NORTH YUBA WATER DISTRICT

Notes to Financial Statements

June 30, 2021 and 2020

10. South Feather Power Project (SFPP) (continued):

- B. SFWPA's costs of obtaining the new FERC license will be post-2010 SFPP Joint Facilities costs that will be paid from the SFPP Joint Facilities Operating Account before net power revenues are calculated. Such repayment will be made by uniform payments spread over the first 5 year after 2010.
- C. A SFPP Contingent Reserve Account of \$15,000,000 was established in 2011. At least \$709,000 of net power revenues will be distributed to SFWPA and \$709,000 will be distributed to NYWD each year, except in very dry years when there are no net power revenues.

New SFPP Facilities

- A. If SFWPA decides to construct any new power-generation facilities as part of the SFPP, and if NYWD decides to participate in such new facilities, then the costs of such facilities will be financed or paid through the SFPP Joint Facilities Operating Account, and all power revenues from, or associated with such facilities will be paid into the SFPP Joint Facilities Operating Account.
- B. SFWPA will own the Sly Creek Powerhouse as a separate facility and SFWPA will be solely responsible for the powerhouse's operation, maintenance, repairs and replacements, unless NYWD decides to "buy in" to this facility.

Forbestown Pipeline and Forbestown Ditch

- A. SFWPA transferred to NYWD, on January 1, 2011, all of SFWPA's interests in the Upper Forbestown Ditch (including all of SFWPA's water rights in Oroleve Creek). This transfer did not include any part of the Forbestown Ditch below Gauge WD-6, and NYWD did not have any obligation to serve any of SFWPA's Forbestown Ditch customers. After this transfer, NYWD is obligated to convey up to 11 cfs and 3,720 af/yr. of water from SF-14 through the Upper Forbestown Ditch to SFWPA at WD-6, for SFWPA then to convey rest of the Forbestown Ditch to its customers. SFWPA is not being responsible for any Upper Forbestown Ditch conveyance losses, and all Upper Forbestown Ditch conveyance losses will be subtracted from NYWD's water. NYWD may construct a pipeline or pipelines to replace some, or all reaches of the Upper Forbestown Ditch

11. Risk of Loss:

North Yuba Water District is exposed to various risks of loss related to theft of, damage to, and destruction of assets, and injuries to employees. During the 2021 fiscal year, the District purchased certain commercial insurance coverages to provide for these risks.
